First Generation B-Tools Price Drop

Great news for lovers of the B-400, 800 and 1000 tools – what we call our first generation tools, because we have just announced new lower pricing. Please check your updated price to find significant savings on these time-tested tools!

New Longer Wearing Parts

SPECIAL SURFACE TREATMENT ON TOOLS FOR PLASTIC STRAPS

The B-Tools are even better than ever – why you ask? Because all Polychem B-Tools now come with wear parts coated with a special compound of titanium and nitrogen, it is an extremely hard material that is added to improve the surface properties and particularly to harden and protect the cutting and sliding surfaces.

AND THAT'S NOT ALL...

We've Extended Our Warranty

STRAPPING TOOLS
PLASTIC

BATTERY	PNEUMATIC	STEEL PNEUMATIC
B1200	PHT401	SP4000
B600	PHT801	SP4100
