Polychem News You Can Use

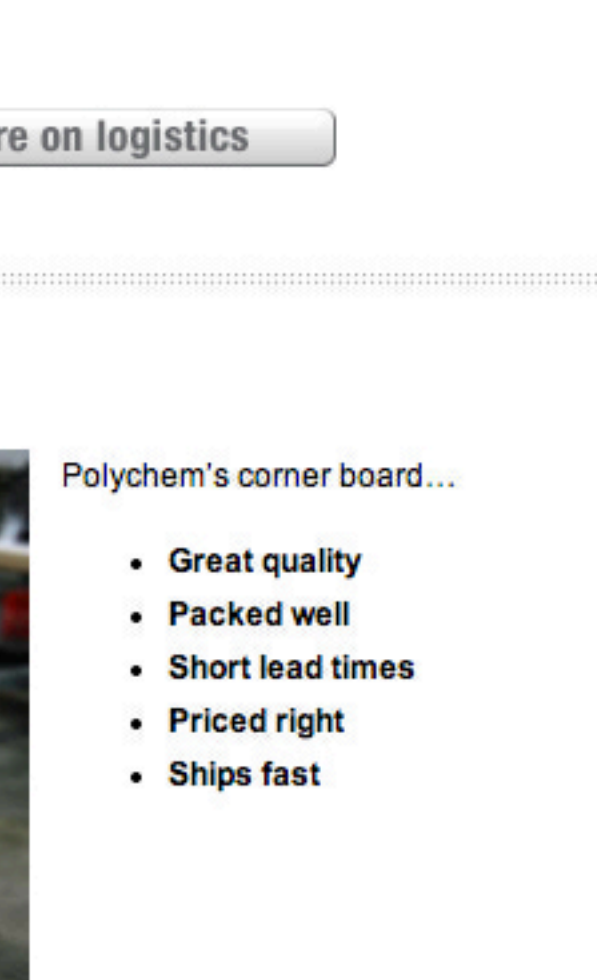

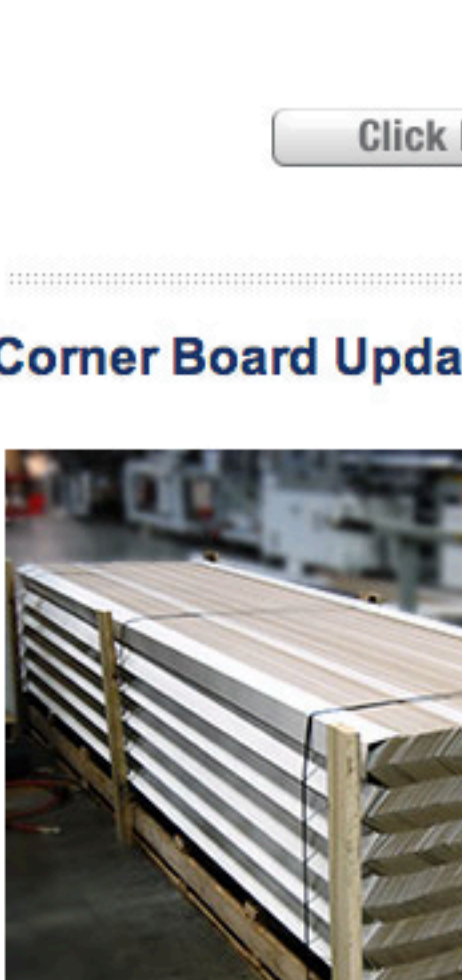

Polychem - One Source - One Shipment - One Invoice

WHY POLYCHEM MAKES LOGISTICAL SENSE

POLYESTER STRAPPING	CLOSURES
POLYPROPYLENE STRAPPING	TOOLS
CORD STRAPPING	MACHINES
STEEL STRAPPING	DISPENSERS

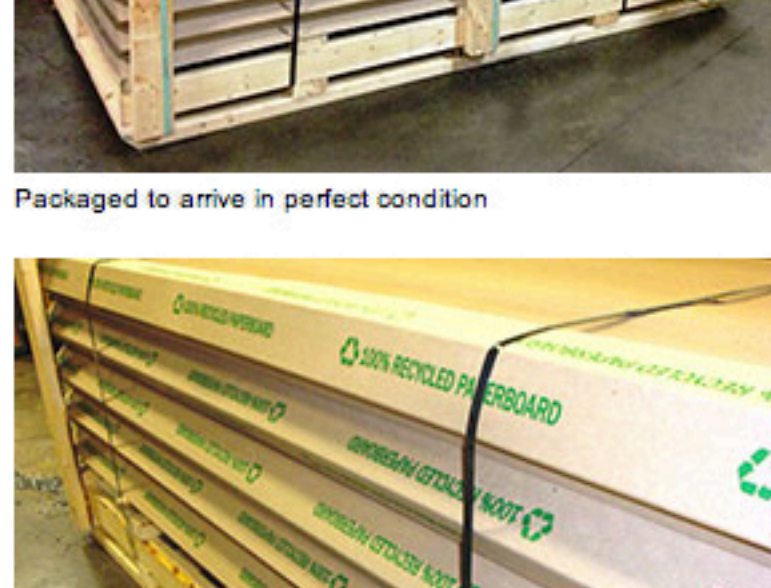

BROADEST LINE IN THE INDUSTRY

MORE AND MORE DISTRIBUTORS ARE USING POLYCHEM'S CORNER BOARD AS THEIR "ACE IN THE HOLE" TO BUILD ECONOMIC ORDER QUANTITIES.

Corner Board Update

Long lengths are no problem

Polychem's corner board...

- Great quality
- Packed well
- Short lead times
- Priced right
- Ships fast

Packaged to arrive in perfect condition

The transition of our customers moving their corner board business to Polychem has been seamless.

Distributors buying our Corner Board have experienced on average an **18% increase in plastic strap sales!**

Stock printed corner board. Custom two color printing available.

Before Polychem offered corner board many distributors were purchasing their securement packaging from multiple vendors. This involved

- 4-7 Sales People
- 4-7 Customer service departments
- 4-7 Freight bills
- 4-7 Invoices, etc.

Today more distributors are switching to Polychem for all their securement packaging needs and the freight savings alone have been tremendous not to mention the multitude of logistical savings produced by simplifying the purchasing process. The difference is superior "Shipability"... our strategic advantage.

Polychem - One Source - One Shipment - One Invoice

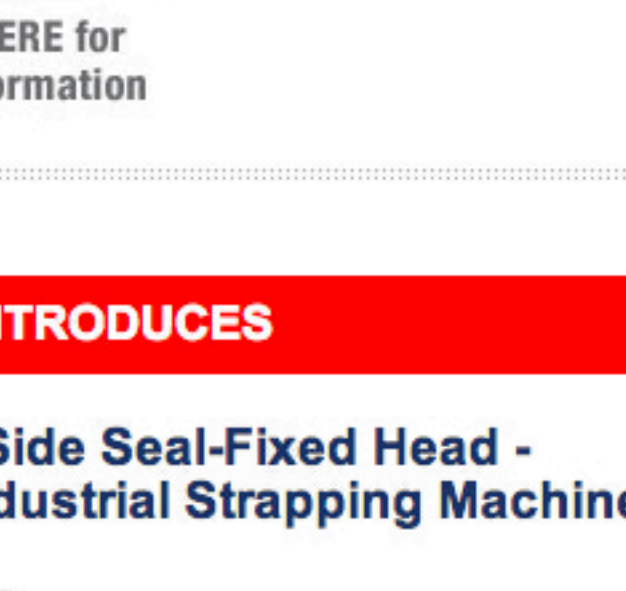

OUR GOAL IS TO BE YOUR LARGEST SINGLE SOURCE SUPPLIER

POLYCHEM INTRODUCES

PC1000SST / PC1000SSTC FOR POULTRY, MEAT, FISH, & MARINE FOOD INDUSTRIES

Automatic Model PC1000SST with Standard Adjustable Height Roller Top

Fully Automatic Conveyor Model PC1000SSTC Belt Driven, Power Driven Rollers Also Available

PC1000SST and PC1000SSTB are **Wash-down**, side-seal strapping machines. They are manufactured with stainless steel frame and rust resistant or corrosion retardant parts inside. The water resistant design provides exceptional protection from water and wash down spray.

They are applicable in moist and harsh working environments such as meat/poultry and the marine food industry.

- Reliable, Fast & Easy to Operate
- German DC Brushless Motors
- Seal Head Located on the Side to Avoid Debris
- Standard Stainless Steel Roller Top
- One Piece Strap Track – Loop Ejector
- Multiple Strap Function

POLYCHEM INTRODUCES

PSSU Polychem/OMS Side Seal-Fixed Head - Fixed Track, Heavy Duty Industrial Strapping Machine

Updated Compact Design – More Options

- New Control Panel Integrated on Front of Machine
- Eliminates Remote Stand Alone Control Enclosures
- Provides Compact Design/Frees up Valuable Floor Space
- Improves Safety by Reducing Floor Wire Clutter
- Plug and Play Design/Allen-Bradley Micro-Logix PLC
- Runs 3/8" to 3/4" wide Polyester and Polypropylene Strapping
- Custom Arch Sizes Available
- Polychem Can Integrate and Automate as Required

Five OMS Strapping Head Choices

- Standard TR14 – Pulls 400lbs Tension
- TR14HD – Pulls 400lbs Tension with Auto Clean Heater Blade
- TR18 – Pulls 800lbs Tension with Auto Clean Heater Blade
- TR19 – 1500lbs Tension with Auto Clean Heater Blade
- TRCB – Industry Specific for the Can & Bottle Industry - Utilizes Economical MPC382E Polyester Strapping 3/8 x .015 x 14,500

THE DS300 CART DISPENSER HAS BEEN REPLACED....INTRODUCING THE NEW AND IMPROVED DS300

HEAVIER OVERALL CONSTRUCTION.....GREATER VALUE

DS300

- Bigger Bin to Store Tools and Closures
- Larger 8" Diameter Metal Core Wheels
- U-Shaped Handle for Added Strength and Easier Handling
- Bigger Bin to Store Tools and Closures
- Weight: 50 lbs

FEATURES

- Portable
- Accepts 8" or 16" diameter cores
- Accepts 3", 6", or 8" coil face widths
- Stores seals and tools
- Reel brake
